

SF90 SPIDER

Inspired by the 1978
Ferrari 308 GTS

TAILOR MADE

Ferrari Tailor Made is the Maranello company's exclusive programme dedicated to clients who wish their car to be tailored to their individual needs, making it both unique and unmistakable, as well as a bold expression of their personality and taste.

The programme, which is closely entwined with the origins of the Prancing Horse legend, is constantly renewed, loyal to those values of passion, innovation and elegance that remain core of the Ferrari brand.

The Ispirazioni collection of the Tailor Made programme aims at presenting personalized tailored configurations of each new Ferrari model, created by the same design team responsible for its development, with the aim of fully enhancing each of their particular elements.

INSPIRATION

The SF90 Spider, the first production Prancing Horse PHEV Spider, is a reference point in terms of performance and innovation as part of both the range produced by Maranello-based manufacturer and, indeed, the automotive sector as a whole. The car inherits its striking supercar design and record-breaking performance from the SF90 Stradale, successfully managing to maximize driving pleasure and usability thanks to the RHT retractable hard top in its latest version.

The configuration presented here is inspired by the 308 GTS, convertible version of the 308 GTB as well as a real icon for lovers of driving en plein air.
